1020/2367 Public Speaking

Tibshelf Residents Action Group – Parking issues on the road near the senior school, parking unwisely with regards to the children at closing time. The school have been “signposting” use of the Cemetery car park.

RESOLVED that the Council supports the work of the Group and would write to the school requesting that they refrain from using and signposting the cemetery as a pick-up point for parents.

A member of the public – referred to a perceived lack of support for the Neighbourhood Plan, little communication to the village. It was further suggested that the recent Parish Action Plan in the Parish Council Newsletter had cause confusion with the Neighbourhood Plan. He urged the Parish Council to support the Neighbourhood Plan.

Cllr Coupe added that the notes from the Plan meetings were always submitted to the Council for consideration.

County Council

Cllr. C. Moesby advised the meeting that he was aware of the school traffic problems around Doe Hill Lane and that any traffic restrictions would take a minimum of 9 months to implemented. The Police are now involved and any restrictions would require police enforcement. A suggestion of parking on the school field would be down to the school. There could be an approach made to the Highways Department, however he was mindful this may only push the problem elsewhere. Parking at West View was also a problem.

He also highlighted the food bank that was serving those in need.

Cllr Moesby informed the meeting of Vision Derbyshire – a potential move towards a reorganisation of the County Council becoming a Unitary Council.

District Council

Cllr. D. Watson reported Bolsover District currently remains in Covid risk level medium, whereas most of the Districts around had moved to high risk. The evidence was however

showing a rise in levels meaning we are very close to moving up to a higher risk tier. This shows the importance of observing the current guidelines.

Cllr. D. Watson acknowledged the vital role the Environmental Health Service team has played throughout the pandemic, providing advice on infection control and advice to business on trading in a Covid secure way, and using its powers to enforce regulations and restrictions.

Cllr. D. Watson reported on new initiatives from the Economic Development Team at Bolsover, including Shop Local, Spend Local, the work in partnership with DCC on an APP which could help those businesses without an online presence and the appointment of Covid Information Officers.

Members were informed the flats on Tibshelf High Street fall well below the standard expected and had become extremely difficult to let. The site has been troubled with continual anti-social behaviour, which has adversely impacted the local community, the District Council are currently working through a full stock review of housing. As part of this process there are a number of sites which hold sub-standard properties, including sites at Blackwell, Shirebrook, Tibshelf, and Whitwell, the intention is to replace poor quality housing stock with modern, high quality, high specification properties for people who choose to live in social housing within the district. The Tibshelf site is strategically important as it lies in the heart of the village. Bolsover District Council believes it is imperative, and will ensure, that any future use of the site both benefits and complements the wider strategic ambitions of the District Council, the County Council, and the Parish Council as identified in its emerging Neighbourhood Plan.

A new recyclable waste sorting facility has been secured at Corbriggs.

The new Public Space Protection Order for dogs has now been signed and enforcement work will commence once all the appropriate signage has been installed.

Cllr. K. Salt raised question with regards to the District Council budget.

Cllr. C. Moesby in his role as Executive Member - portfolio holder for Finance gave a full report of the current budget status for Bolsover District Council.
